UNDERSTANDING YOUR FINANCIAL RESPONSIBILITY

Your Financial Responsibility

Our medical services are provided to you with the understanding that you are responsible for any costs regardless of your insurance coverage. For self-pay patients or those using insurance, payment is due on the day services are rendered. For your convenience, we accept various payment methods, including cash, checks, credit/debit cards, and Promptly. To discuss payment options, please contact our billing department prior to your appointment.

Insurance

Your insurance policy is a contract between you and your insurance company; our practice is not a party to this contract. As a courtesy, we will bill your insurance, provided we have accurate, up-to-date information. Please bring your insurance card to each appointment and disclose all relevant details, including any primary, secondary, or updated insurance information. Notify us promptly of changes to your address, name, or insurance to ensure accurate billing.

It is also your responsibility to understand your insurance coverage, including co-pays, co-insurance, and deductibles. Payment for these charges is expected at the time of your visit or when billed. Any non-covered services or deductible charges are also your responsibility, as we cannot waive or discount these amounts under insurance requirements.

Non-Covered Services and Denials

Insurance plans vary in what they consider medically necessary. If your insurance does not cover certain services, or if your coverage has lapsed or expired, you will be responsible for the full cost. If you choose not to use your insurance benefits or if your insurance denies coverage, you are responsible for all charges. Please review your insurance plan for specific coverage details, or contact your insurance provider for clarification on covered services.

Network Status: In-Network vs. Out-of-Network

Our practice participates with many insurance plans, but it is the patient's responsibility to confirm whether we are in-network or out-of-network under their plan. In-network coverage typically results in lower out-of-pocket costs, while out-of-network care may incur higher deductibles or co-insurance. We recommend contacting your insurance provider to verify our network status before receiving care.

Prior Authorization

Some insurance plans, particularly HMO and PPO plans, may require prior authorization or a referral from your Primary Care Physician (PCP) to receive services. Please bring this authorization or referral to your appointment. If authorization is not obtained, or services exceed the authorized scope, you may be responsible for the costs.

Patient Cost Estimate

Our practice can provide a rough estimate of your financial responsibility based on your insurance benefits. Please keep in mind that this is only an estimate, as we will not know the exact amount until we receive an Explanation of Benefits (EOB) from your insurance provider. The final amount may vary depending on how your insurance processes the claim.

Late Fee and Collections

If a balance remains unpaid and no payment arrangements have been made, the account may be classified as delinquent. All unpaid balances will be charged a 2% late fee, calculated based on the outstanding balance, until the account is brought current or a payment arrangement is established.

Delinquent accounts are subject to be sent to an external collection agency once the balance is more than 90 days old and multiple collection attempts have been made. Accounts sent to an external collection agency may incur collection, attorney, or court fees, which will be the patient's responsibility. Additionally, unpaid accounts may impact your credit.

Acknowledgement

I have read and understand the financial policies outlined above, including my responsibility to verify insurance coverage, obtain prior authorizations if required, and pay for any non-covered services, co-pays, co-insurance, and deductibles. I acknowledge that any services deemed not medically necessary, services rendered out-of-network, or services not covered by my insurance plan will be my financial responsibility. Should my insurance deny coverage or payment for any reason, I agree to pay all associated charges in full.

PHYSICIAN-PATIENT ARBITRATION AGREEMENT

Article 1: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical service rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: All Claims Must Be Arbitrated: It is the intention of the parties that this agreement shall cover all claims or controversies whether in tort, contract or otherwise, and shall bind all parties whose claims may arise out of or in any way relate to treatment or services provided or not provided by the below identified physician, medical group or association, their partners, associates, association, corporations, partnership, employees, agents, clinics and/or providers (hereinafter collectively referred to as "Physician") to a patient, including any spouse or heirs of the patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case if any pregnant mother, the term "patient" here in shall mean both the mother and the mother's expected child or children.

Filing by Physician of any action in any court by the physician to collect any fee from the patient shall not waive the right to compel arbitration of any malpractice claim. However, following the assertion of any claim against Physician, any fee dispute, whether or not the subject of any existing court action, shall also be resolved by arbitration.

Article 3: Procedures and Applicable Law: A demand for arbitration must be communicated in writing by U.S. mail, postage prepaid, to all parties, describing the claim against Physician, the amount of damages sought, and the names, addresses and telephone numbers of the patient, and (if applicable) his/her attorney. The parties shall thereafter select a neutral arbitrator who was previously a California superior court judge to preside over the matter. Both parties shall have the absolute right to arbitrate separately the issues of liability and damages upon written request to the arbitrator. Patient shall pursue his/her claims with reasonable diligence, and the arbitration shall be governed pursuant to Code of Civil Procedure SS 1280-1295 and the Federal Arbitration Act (9 U .S.C. SS 1-4). The parties shall bear their own costs, fees and expenses, along with a pro rata share of the neutral arbitrator's fees and expenses.

Article 4: Retroactive Effect: The patient intends this agreement to cover all services rendered by Physician not only after the date it is signed (including, but not limited to emergency treatment), but also before it was signed as well.

Article 5: Revocation: This agreement may be revoked by written notice delivered to Physician within 30 days of the signature and if not revoked will govern all medical services received by the patient.

Article 6: Severability Provision: In the event any provision(s) of this Agreement is declared void and/or unenforceable, such provision(s) shall be deemed severed therefrom and the remainder of the Agreement enforced in accordance with California Law.

I understand that I have the right to receive a copy of this agreement. By signature below, I acknowledge that I have received a copy.

**NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL.
SEE ARTICLE 1 OF THIS CONTRACT.**
